PRESIDENT'S LETTER

FOSA's paramount objective for 2000 is to secure adequate, permanent state funding and facilities for the OSA and some of its most important programs. As I write this letter in mid-March 2000, a serendipitous combination of events and initiative may finally help achieve at least some of this goal. Shortly before I took the chair as president at the January 30, 2000 Annual Meeting, FOSA became involved in the first of two current campaigns to secure funding from the Connecticut General Assembly.

Despite clear mandates in state legislation creating the office, OSA has never had the staff or facilities needed to do its work — which is the principal reason FOSA was created. The FOSA board learned late in 1999 that several assembly members wanted to correct the past decade of fiscal inattention, and made some informal presentations of OSA needs with figures compiled by Nick Bellantoni and the Connecticut State Museum of Natural History. FOSA treasurer Dreda Hendsey then worked closely with one of the assembly members who led an effort to add funds to the museum budget for immediate OSA staffing needs. This effort has apparently been successful, though the final result and figures will not be known until later in the spring.

Early in March 2000, FOSA and other members of Connecticut's archaeological community were alerted to a legislative effort in the General Assembly's Commerce Committee to provide significant funding for cultural heritage and tourism efforts without any recognition of OSA or archaeology. Funding was to be recommended by a Heritage Advisory Committee of preservationist professionals who evidently forgot, or never knew, what archaeology is or how archaeology can contribute to state tourism.

The FOSA board took the lead in coordinating a rapid response to the Commerce Committee. I drafted a letter which, with FOSA board input, became the basis for a statewide e-mail campaign from FOSA members and others. Board members Ken Beatrice, Chris Noble, and Gary Nolf testified at a public hearing, along with University of Connecticut representatives for the state museum.

The Commerce Committee re-drafted the bill to include the OSA on the Heritage Advisory Committee, and to provide the OSA with $100,000! While we will not know the final fate of the legislation until later in the spring, it is certain that if the Heritage Advisory Com-

mittee continues, the OSA will be on it. With some luck and further work with legislators, there is now a good chance that the OSA will for the first time have funds for the professional assistance it needs to begin pursuing the legislated OSA mandates. While not enough to do the whole job, these funds will be a huge first step for OSA.

FOSA will also continue its efforts in 2000 to develop K-12 lesson plans in Connecticut archaeology, covering a range of topics and designed to promote a cross-cultural sharing of the past. The lessons would be provided free of charge. As chair of the grants committee, I completed development of a detailed grant proposal with FOSA Educational Coordinator Chuck Blanchard in the Fall of 1999, and am re-working it for submission to a number of Connecticut-based foundations. Our approach is to secure funding to develop one to five of the thirteen possible lesson plans. We hope to have some of these lessons completed this year.

Other FOSA 2000 goals include continued and improved coordination of volunteer work for OSA, and planning with the OSA and the Connecticut Historical Commission on completing a comprehensive, current file of Connecticut archaeological sites. The state files are extremely incomplete, with much information buried in contract archaeology reports. FOSA volunteers may become involved in this effort.

A final, personal objective is getting more professional archaeologists involved in, or at least members of, FOSA. Very few are currently members. I will help find the wallets of those in this category who know me and are solvent.

Mike Raber

NICK'S NEWS

To say that this is a very busy and exciting time for the Office of State Archaeology would be an understatement! The state's economy appears healthy and the result is a major increase in the number of proposed development projects. There is a lot of building going on and our role in assisting municipalities in their land use decision-making capabilities has increased accordingly. In addition, the archaeological collections and library continue to grow.

Our office and the Connecticut Historical Commission are moving forward in developing a preservation program for underwater archaeological resources. We are finishing a new web page site for information on the state's submerged cultural heritage, as well as a traveling
ANNUAL MEETING

FOSA's annual meeting was held on January 30, 2000, at the Wood Memorial Library in South Windsor. Nick spoke briefly about the activities of his office over the past year and thanked volunteers. He then introduced Billy Anthony, teacher, and her students from Arace Middle School in Bloomfield, who presented a 15-minute slide show "Science in Archaeology." This presentation was the winning entry in the "Connecticut History Day" competition.

Mike Raber, FOSA Vice President, introduced Dr. Kathy Abbass, Rhode Island Marine Archaeology Project, who spoke on underwater archaeology. Both presentations were very well received.

Following the programs, the business meeting and elections were held. Chris Noble presented the new directors and slate of officers. Board of Directors: Kathie Kelleher and Bonnie Beatrice. New Officers: Mike Raber, President; Ken Beatrice, Vice President; Dreda Hendsey, Treasurer; Kathie Kelleher, Recording Secretary; and Mae Johnson, Corresponding Secretary. No candidates were nominated from the floor. A motion was made and passed unanimously to approve the slate of officers and directors as read. The remaining Board Members are June Cooke, Bruce Greene, Chris Noble and Gary Nolf.

Following the meeting, members and guests were able to enjoy the collections at Wood Memorial Library which included Chapin furniture, an extensive mounted bird collection, and a room exhibiting prehistoric artifacts.

Ken and Bonnie Beatrice provided a wonderful array of refreshments including cold meats, cheese, pastry, snacks and assorted beverages.

Members also received a free bulletin published by ASC at this meeting.

KUDOS TO VOLUNTEERS

We value your assistance

Volunteers have been busy in Nick's office cataloging collections, library material, entering information on the computer, and various other duties.

Volunteers were also active in the field last year excavating various sites as well as helping out with 116 school children from Glastonbury who came in three waves to excavate and process their finds at the Morgan Site.

A special thank you to members of the Arthur Basto Society who not only helped faithfully at site excavations but processed all the material from several sites and returned all of it to Nick's office.

Many thanks to Bonnie Beatrice who made and donated 200 arrowhead tie tacks and pendants, to be offered by FOSA as a possible fundraiser or membership incentive.

A special thank you to those who gave additional donations in addition to their memberships, totaling $400 to date this year.

NICK'S OFFICE EQUIPMENT

FOSA was able to obtain a copier and a new tape recorder for Nick's office this past year.

WELCOME NEW MEMBERS

Roger Kindschi
Douglas Jordan
Barbara Urban
Meredith Vasta
Jim Walters
"Purple Core Students" of Gideon Welles School, Glastonbury (classroom)

FOSA has added a classroom membership category. Membership dues for the classroom are $20 annually.

VOLUNTEER OPPORTUNITIES

More Are Needed

Since last September (when we started trying to keep track), more than 39 different people have volunteered to work with the state archaeologist, Nick Bellantoni. Several of those people have only come once but 15 to 20 volunteer frequently. Most people work in the field on digs (they think that is where the real fun is) but two to four people have discovered that Nick's office is where it's at and contribute as many as three days a week.
All together, we recorded 842 volunteer hours from September 1 to January 30. There were probably more hours contributed but not everyone is reliable about signing in. With such a great response, you may wonder whether there is anything left for you to do. Here’s a list of activities that still need many volunteer hours for completion:

**Cataloging collections:** Better than digging in the field. Every minute you’re cataloging you’re handling a wonderful, interesting artifact. There is a lot to learn here as well as doing an important task. These collections cannot go to a secure repository until they are cataloged.

**Keeping library up-to-date:** An ongoing task. We’d like to have a person who could give two days a month on this job. You’d be amazed at the number of interesting books that come into this office. It’s another opportunity to learn while doing.

**Word processing:** Nick dictates into a tape recorder and the tape is then played back on a transcription machine. The letters may be repetitious but Nick’s asides certainly add a lot of entertainment to this job. I guarantee you will get at least a couple of chuckles (or at least smiles) as you transcribe his work. About 3 times a month (not necessarily the same person) minimum would be needed for this job.

**Photography:** The collections here are awesome and Nick could use some slides of many of the artifacts. The number of hours needed for this task would be endless. Anything a person could donate would be appreciated.

**Field work:** Spring, summer, and fall we’re digging a couple of times a week (or more). The days usually start around 9 AM and finish about 4 PM (give or take a half hour).

If anything here appeals to you, give me a call. We particularly need office workers; you have never worked with a greater group of people. There is always something going on. I can guarantee you that you will not be bored although you could begin to bore your friends with tales of the wonderful time you are having volunteering.

Kathie Kelleher, Volunteer Coordinator, 860-379-0461, e-mail dkelle2358@aol.com.

**A Note from Field Work Coordinator Dave Cooke**

Tentative field projects with the state archaeologist this coming spring already number nearly a dozen. Towns involved are Guilford, Farmington, Clinton, Manchester, Willington, Barkhamsted, Stonington, Portland, Durham, Waterford and Wethersfield. Work will involve both prehistoric and historic sites. Many of these sites need to be assessed beforehand in order to determine the best methods for recovering information.

Persons interested in assisting with any of the field work should contact the office of the state archaeologist.

FIELD SCHOOLS

ANASAZI FIELD SCHOOL. Three 12-day, 4 semester-credit sessions in Colorado. May 14-25, May 28 - June 8, or June 11-22. $345 tuition. For information contact Darren Hobbs, Glendale Community College, 6000 West Olive Ave., Glendale, AZ 85302; tel: (623) 845-3302, web: www.darren.hobbs@gmail.maricopa.edu.

ARCHAEOLOGY FOR UNDERGRADUATES. Southern Utah University's 2000 Archaeology Field School offers two four-week sessions at Pueblo Anasazi site in Utah. Session 1: June 5-July 1; Session 2: July 5-July 31. Intended for undergraduate students. No previous experience required. Four semester credits. For information contact: SUU Archaeology Field School, c/o Georgia Thompson, Southern Utah University, Cedar City UT 84720; tel. (435) 586-7712; fax: (435) 865-8393; e-mail: thompson@suu.edu.

CASCADE MOUNTAINS ARCHAEOLOGY. Join the Silver Star Heritage Expedition, August 2000. Web: www.fs.fed.us/gpnf/heritage. For information about Heritage Expeditions on national forests nationwide, check the USDA forest service website at www.fed.us/recreation/heritage/ or call (208) 373-4162.

ARCHAEOLOGY IN IRELAND. Excavate a megalithic tomb in one of the most scenic and archeologically rich areas in Ireland. Includes all food, accommodations, lectures and tour. Burren Archaeology Research, www.burrenarch.com, 82 Cowleigh Rd., Malvern, Worcs. WR14 1QN England.

HELP EXCAVATE A MEDIEVAL CASTLE in Belgium in July 2000. Program sponsored by Eastern Illinois University Honors Program and University of Louvain, offers opportunities for non-students as well. For information contact: Dr. Herbert Lasky, Director, Honors Program, Eastern Illinois University, 600 Lincoln Ave., Charleston, IL 61920; tel: (217) 581-2017; e-mail: cfhxl@eic.edu. Visit our website at: www.eiu.edu/honprog.

HISTORICAL ARCHAEOLOGY FIELD SCHOOL. Mission San Antonio de Padua, CA. June 18-July 28, 2000. Intensive six-week investigation of Spanish colonial site (1771-1834), excavation and laboratory methods and lectures. Eat and live as guests of Franciscan friars. 6 quarter credits. $1,260 includes room, board, and tuition. 24th year of operation. Contact Dr. Robert L. Hoover, Social Sciences Department, California Polytechnic State University, San Luis Obispo, CA 93407; tel: (860) 544-0176.

MAINE COAST ARCHAEOLOGY. Prehistoric site on Blue Hill Bay, June 18-23. Popham Colony (1607-08), August 27-Sept. 1, and Sept. 3-8. $600 per session including room and board. Call Friends of Maine State Museum: (207) 287-2304.

PERU. Study with us the ancient textiles and their conservation for two-week sessions at a museum. June or July. Inquire: Nanette Skov, P.O. Box 13465, Tucson, AZ 85732; tel. (520) 648-5114; fax: (520) 393-7331; e-mail: nanetteskov@hotmail.com.

THOMAS JEFFERSON’S POPLAR FOREST. Field school in historical archaeology focusing on early 19th c. domestic site and ornamental landscape design at Jefferson’s retreat house/plantation near Lynchburg, VA. June 4-July 7. Application deadline April 19. Graduate credit available through University of Virginia. For information, contact Barbara Heath, Poplar Forest, PO Box 419, Forest, VA 24551; tel: (804) 525-1806; e-mail: barbara@poplarforest.org.

FOSA DUES REMINDER

Please send your 2000 dues to: Post Office Box 230351 Hartford, CT 06123-0351

Unless your dues are paid, this will be the last FOSA newsletter that you will receive.

Your mailing label indicates the last year for which your dues were paid. If the date reads “00” your dues are current (as of March 27, 2000).
